

Un-Outdoorsy Things To Do

Natural resources are our forte, so enjoying the great outdoors is the prominent thing to do in the area; either on foot, boat, ATV, auto or horse. So there is no excuse for anyone having the Nature Deficit Disorder or Nature Deficiency Syndrome in this neck of the woods.

But for people not so "outdoorsey", several leisure opportunities provide variety, some even with the flavor of the outdoors.

- Museums at Seeley Lake, Condon and Ovando are interesting.
- Visit the ghost town of Garnet.
- The US Forest Service and State Parks have weekly campfire programs that are always informative and often entertaining.
- Golfers give the local Double Arrow Resort course very high marks.
- Sunday Farmers Market at Community Foundation yard.
- The Alpine Artisans have a self guiding Tour of the Arts showing where to visit various art studios.
- Senior Citizen Center has a weekly bingo afternoon and another afternoon of cards.
- Shoppers can easily while away an afternoon making the rounds.
- Drive to the Double Arrow or Morrel Mountain Lookouts and enjoy the sights from the comfort of your vehicle.
- Take a class at our world renown Deer Country Quilts store.
- Follow the Alpine Splendor and Architecture trail.
- Check the local paper, Seeley Swan Pathfinder for the current calendar of events. There might be a quilt show, play, concert, festival or other cultural event.
- Watching wildlife is always popular, especially at the US Forest Service bird blind a very short walk up from the office.
- Letterboxing is the low-tech version of Geocaching. Both resemble an old fashion treasure hunt.
